The purpose of the proposed amendment is to enhance collaboration between planning authorities and the Commission in the exercise of their respective functions in order to avoid overlapping of functions among planning authorities.

Section 61 is proposed to be amended by refining the penalty for contravention of the provisions of the Act. Currently the existing penalties do not suffice to warrant effective sanctions. Therefore, it is proposed an imposition of fine of not less than two million shillings but exceeding three million shillings, or to imprisonment of not less than one year but not exceeding three years. The purpose for the proposed amendment is to ensure compliance with the law and to discourage the commission of offences.

The purpose of the proposed amendment is to strengthen the investment environment in the country. Currently, the law makes a requirement for all disputes to be resolved in the United Republic.
